## Why Lutheran Education?

The Lutheran education system is the largest Protestant school system in the United States, educating over 300,000 students each year. For over 165 years Lutheran education has been synonymous with rigorous academics, enriching co-curricular opportunities, and sundry career-development assets.

The U.S. Department of Education, in a recent survey, ranked the Lutheran system highest academically among all other schools, including public, Catholic, charter, other Protestant, or other private schools.

According to the Search Institute, Lutheran students score 23-percent higher than the national average on standard achievement tests. The average SAT/ACT test scores of students attending Lutheran high schools are also well above the national average.

*"Crean Lutheran South High School has established a strong foundation of leadership, impressive teacher quality, and a clear sense of purpose. The objective to become a school that is Decidedly Christian and Distinctively Excellent is already becoming a reality at CLSHS."*

*Dr. David Brown, Executive Director, WASC*

**Non-discrimination Policy:** Crean Lutheran admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to the students of the school. It does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-related programs.
